

“The Moviegoer”

My favorite pass time when I’m done with my school work and house work is to watch movies. I love going to the movie theater to watch movies, but I also love going to the drive in to watch movies. I sometimes can’t decide to go to the movie theater or the drive in, I love them both!

Paragraph #1 Introduction 58 words

Going to a movie theatre and drive-In are alike in some ways. Usually when I decide to go to the movie theatre, I always go to the IMAX because I want to get the best possible experience in the sound system and clear picture. The drive- In also has the same feature, except it’s not called and IMAX, but just like the movie theatre it has a clear picture and excellent sound system. I love that I can fall asleep in both places. 84 words – paragraph #2
